

September 23, 2022

08:00-09:00 Registration

09:00-10:00 Opening ceremony

10:00-10:30 Technical break

Symposium I

Chairb: Levan Ratiani, Teimuraz Kobidze, Ivane Chkhaidze;

10:30-10:50 Zurab Guruli (USA) - Covid-pandemic. A new challenge and perspective of anesthesiology;

10:50-11:10 Tinatin Chikovani - Cytokine storm;

11: 10-11:30 Ilia Nakashidze - Pathophysiological characteristics of COVID-ARDS;

11:30-11:50 Levan Ratiani - Management of severe respiratory distress caused by the new coronavirus in hyperferritinemia conditions;

11:50 - 12:10 Tamar Gogichaishvili- Management of COVID-19 ARDS. Case report.

12:10-12:30 Teimuraz Kobidze, Maya Kereselidze, Nino Tsetskhladze - The late period of the COVID pandemic. Distribution and structure of acute poisoning in Georgia, features of specialized assistance.

12:30-12:50 Ivane Chkhaidze - Nosocomial pneumonias in a pediatric hospital. Epidemiology and clinical features;

12:50-13:10 Ani Kavtaradze-Multimodal management of postoperative pain.

13:10-14:00 Discussion

14:00 -15:00 Coffee break.

Symposium II

Chairs: Ia Gelenidze, Maka Ivanishvili, Nino Svanidze;

11:00-11:20 Ia Gelenidze - Standard and professional regulations of the field of practice of anesthesia nurse in Georgia;

11:20-11:40 Maka Ivanashvili - Evidence-based medicine. Safe nursing practice - nursing protocols at the stage of perianesthesia;

11:40-12:00 Ia Gelenidze - Challenges in modern medicine: Strategic development plan of nursing profession 2019-2025, international experience;

12:00 -12:20 Irma Razmadze - Modern principles and practice of nursing management of the patient in the postoperative stage. Prevention and control of post-anesthesia complications; clinical case review/discussion;

12:20-12:40 Nani Macharashvili - Practice of effective communication focused on the patient at the stage of perianesthesia;

12:40-13:00 Manana Lashkarava-Practical demonstration - preparation for safe nursing interventions focused on the patient's clinical case/performance of procedural protocols;

13:00-13:20 Nino Svanidze - Patient safety standard - quality indicators and methods of implementing patient safety practices at the perianesthesia stage;

13:20-13:40 Irma Kenchiashvili - Infection prevention and control practice standard for anesthesia nurses;

13:40-14:00 Discussion

14:00-15:00 Coffee break.

Symposium III

Chairs: Tsotne Samadashvili, Arij Berkovitch (Germany, France), Ia Aghdgomelashvili;

15:00-15:20 Ari Berkovitch (Germany, France) - Perioperative management and antithrombotic therapy;

15:20-15:40 Vakhtang Katsarava - Tracheostomy methods. Indications and complications;

15:40-16:00 Tsotne Samadashvili - Anesthesia methods during endovascular thrombectomy. Our experience and literature review;

16:00-16:20 Tamar Macharadze (Germany) – Periinterventional outcome study in the elderly in Georgia;

16:20-16:40 Shavlegi Kutaladze- The i-gel, innovative supraglottic ventilation method;

16:40-17:00 Kakha Nuralidze - Proton therapy - existing reality and perspectives;

17:00-17:20 Ia Agdgomelashvili - Advances in regional anesthesia;

17:20-18:00 Discussion.

15:00-18:00

Workshop – Ultrasound in regional anesthesia.

Arij Berkovitch, Samson Kajaia, Vasil Khachiashvili.

September 24, 2022

Symposium IV

Chairs: Nino Ninidze, Irakli Gogokhia, Vojislava Neskovic (Serbia);

09:00-09:20 Nino Ninidze - Specific diagnoses and their treatment;

09:20-09:40 Irakli Gogokhia - Advanced technology in anesthesia. Patient safety and outcomes;

09:40-10:00 Anatoli Gnuni (Armenia) - Experience of conducting locoregional pain relief in a medical center;

10:00-10:20 Vasil Khachiashvili (Israel) - Simple and effective regional nerve blockade;

10:20-10:40 Tea Kareli - Improving patient safety in anesthesia. How to learn from mistakes and unintended consequences;

10:40-11:00 Nino Ninidze (Austria) - The concept of including pain therapy in the residency program;

11:00-11:20 Vojislava Neskovic (Serbia) – Competency-based training in anesthesia and intensive care in Europe;

11:20-12:00 Discussion

12:00-13:00 Coffee break.

Symposium V

Chairs: Giorgi Gotsadze, Tamar Saria, Otar Dikhaminjia

09:00-09:20 Tamar Saria -Mistakes in emergency neurology;

09:20-09:40 Nikoloz Kvachadze - Not to Miss!

09:40-10:00 Giorgi Gotsadze - Cardiac risk in case of chest pain;

10:00-10:20 Marine Bakashvili - Early dangerous signs of trauma;

10:20-10:40 Tea Tavartkiladze - Atypical abdominal pain in emergency medicine;

10:40-11:00 Otar Dikhaminjia - Acute radiation damage;

11:00-11:20 Giorgi Gotsadze - Aspects of procedural sedation;

11:20-12:00 Discussion

12:00-13:00 Coffee break.

Symposium VI

Chairs: David Sergeenko, Davit Kazaishvili, Elena Potylchansky (USA);

13:00-13:20 Davit Kazaishvili - Ischemic stroke from admission to discharge;

13:20-13:40 Davit Sergeenko-COVID pandemic, challenges and perspective of anesthesiology-reanimatology;

13:40-14:00 Eka Kurdadze -The role of water-salt exchange and acid-alkaline balance in the primary diagnosis of acute poisoning;

14:00-14:20 Ismail Effendiyev (Azerbaijan) - Diagnosis and treatment of poisoning in the South Caucasus;

14:20-14:40 Irina Gobejishvili, Nata Kazakhashvili, Teimuraz Kobidze - Narcology and drug addiction. Some aspects of replacement therapy;

14:40-15:00 Yuri Potylchansky (USA) - Perioperative management of drug users;

15:00-15:20 Elena Potylchansky (USA) - Perioperative thromboembolic complications;

15:20-15:40 Vojislava Neskovic (Serbia) - Elderly patients and perioperative care;

15:40-16:00 Discussion.

13:00 – 16:00 Workshop-Difficult airway

Arij Berkovich (Germany, France), Shavlegi Kutaladze,

Potylchansky Elena (USA), Potylchansky Yuri (USA).

Closed Ceremony.

Gala Dinner.
